Office Action Summary	Application No. 10/584,836	Applicant(s) HARANO ET AL.	
	Examiner David J. Walczak	Art Unit 3751	

-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-5 are rejected under 35 U.S.C. 102(b) as being anticipated by Inoue.

In regard to claim 1, Inoue discloses a container for feeding a stick-type cosmetic comprised of an outer cylinder 1 (see Figure 18B), a cylindrical cover 27 detachably fitting to the outer cylinder, a cylindrical holding member 3 provided in the outer cylinder in a rotatable manner relative to the outer cylinder, a stick cosmetic material held in the holding member and movable therein as claimed, a hermetically covering cylindrical member 29 on the inner surface of the cover 27 and fitting hermetically to a cylindrical fitting member 7 disposed at an upper portion of the outer cylinder, an annular rib 31 (see column 7, lines 54-56) on an upper surface of the fitting member which presses an outer surface of a lower end of the hermetically covering cylindrical member 29 and a gap between the covering cylindrical member 29 and the cover 27 wherein the inner surface of the cover 27 fits to the outer surface of the fitting member 7 (viewing Figure 18B, above projection 39, the inner surface of cover 27 fits to the outer surface of fitting member 7).

In regard to claim 2, a receiving member 13 moves in an axial direction in the holding member 3 integrally with the cosmetic material and the annular rib 31 is provided at substantially the same height as an upper portion of the receiving member (when the receiving member is in a lowermost position).

In regard to claims 3 and 5, a cylindrical sealing member 24 is provided inside fitting member 7 so as to slidably and hermetically contact an outer surface of holding member 3.

In regard to claim 4, the sealing member 24 is a "separate member".

Response to Arguments

Applicant's arguments with respect to claim 1 have been considered but are moot in view of the new ground of rejection (the embodiment of Figure 18B is now relied on by the Examiner to teach the claimed structure as opposed to the embodiment of Figure 2).

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
